

# CANS-NY Supervisory Training

## Transformational Supervision: Self-Assessment

### Rating Scale

- 0** Comfortable and routine; no need for help
- 1** Comfortable, but not routine; may need occasional help
- 2** Tried, but not yet comfortable; need help developing this supervisory skill
- 3** Have never done; need help learning this supervisory skill

	CANS-NY Supervisor Topics	Rating
1	Explain the CANS-NY action levels, 6-key principles, and item descriptions to a supervisee.	
2	Explore or explain to a supervisee how they might complete the CANS with a child/youth with a focus on culture and development.	
3	Help a supervisee convert their understanding of the person/family's needs and strengths into consensus action priorities.	
4	Help a supervisee develop a theory of change based on the actionable needs and strengths.	

### Resources to Review

*If you rated for action (2/3) on the listed Self-Assessment item, consider reviewing these enrichment materials, which can be shared with your supervisee. Additional resources available on the next page.*

# CANS-NY Technical Assistance Institute

## Guide to Available Resources

The CANS-NY Technical Assistance Institute is a statewide collaborative supported by the New York State Department of Health, and facilitated by the [Praed Foundation](#). The collaborative includes regional leads from Astor Services for Children & Families, the Collaborative for Children & Families, Hillside Children’s Center, and Northern Rivers.

Members of the collaborative are committed to providing coaching, training and support for implementation of TCOM (Transformational Collaborative Outcomes Management) and the CANS-NY in Health Home Care Management and beyond for the benefit of children and families across New York State.
